NAME

PEOPLE – Buildtool authors and contributors

AUTHORS

Julio M. Merino Vidal ⟨jmmv@users.sourceforge.net⟩
Main developer, website maintainer and NetBSD packager. Everything ;-)

CONTRIBUTORS

The following table contains an exhaustive list of contributors with a small description of what they have done for the project. More information can be found in the CVS commit messages related to their work (if applicable). If you feel you should be in this list, please contact one of the authors listed above.

Jos Backus ⟨jos@catnook.com⟩	FreeBSD package maintainer.
Pascal Bleser ⟨guru@unixtech.be⟩	Initial RPM specification file with support for SuSE Linux. Also builds binary packages for this system regulary.
Doug Henry ⟨doug_henry@xontech.com⟩	Portability fixes to Solaris and IRIX. Added support for RedHat Linux to the RPM specification file.
Juan J. Martinez ⟨jjm@usebox.net⟩	Initial pthread.subr module.
